Truth in Taxation

November 27, 2012

Minutes of the Board of Wilkin County Commissioners held in the Courthouse, Breckenridge, Minnesota, on Tuesday, November 27, 2012, for the purpose of the County's Truth in Taxation Hearing. All Commissioners were present. There were two members of the public present also. Chairperson Miranowski called the meeting to order at 6:00 P.M.

The County Auditor presented the proposed County Budget and Levy as used for the Truth in Taxation notices. The auditor informed those present that the budget and levy will require final approval at the December 11, 2012, Commissioner meeting.

Public comment were requested. The public present questioned several items on their notices. After review and determining that the items were better addressed by the Assessor's office, they were advised to contact that office at a future date. They also questioned the School District #850 portion of the notice and were advised to attend that district's hearing.

With no further business before the Commission for the Truth in Taxation Hearing, Chairperson Miranowski adjourned the hearing meeting at 6:30 P.M.
